

Message from Miss Tyler

Hello everyone, I hope you all had a nice weekend and you are ready for another great week of remote learning!

Here are your tasks for today. Remember to send in any examples of work or pictures of fun activities to class email so that they can be shared on the school website and the school twitter account.

<p>Maths Today our learning skill is, to solve addition and subtraction problems using pictorial representation and to know that addition and subtraction are linked. Work through the PDF to find out what we mean by scaled graphs and charts and how they are used with pictograms and block graphs, then answer questions about them.</p>	<p>English Today's learning skills in English is, to write questions. Work through the PDF that I have sent you and complete the task at the end. The learning and work is linked to the book that we looked at this morning, Traction Man.</p>
<p>Maths fluency Today I would like you to think about different combinations using coins to make an amount. Use coins you have in the house or draw coins to show me 3 ways to make 20p</p>	<p>Spelling Please practice spelling this term common exception words that were sent last week. You may want to choose a few to focus on or ask an adult to test you.</p>
<p>History Today our learning skill is to learn about historical events and to put events in order on a timeline. Watch the video about The Great Fire of London. The Great Fire of London #greatfireoflondon #thegreatfireoflondon #Londonfire1666 - YouTube Using the timeline I sent you, put The Great Fire of London events in order. You can draw your own timeline and write out the event or print and stick them on.</p>	<p>Handwriting Just like we do in class we need to keep practising writing the high frequency as they are the most commonly used words when we write. Use the sheet below to trace and copy the words.</p>
<p>Remember:</p> <ul style="list-style-type: none">- To read each day. This could be a book or on reading eggs.- To use our every time we write (say it before you write it, capital letters, full stops finger spaces and spell the 100 high frequency words correctly).- Use your school planner to help you with your phonics and high frequency words. You could practise reading the sounds and words or you can use them to help you spell when writing.	

Handwriting

High Frequency Words

Trace and copy all of the words:

the the

of of

and and

to to

in in

is is

you you
